For Congress. Hon. George Gilbert writes The Record, from Washington, to announce him as a candidate for congress from this district subject to any regular action of the Democratic party.

No man has ever represented the district with more honor and dignity than has Mr. Gilbert. He is a man of fine sense and qualifications, especially suited for the position. His friends are proud of his record, and will go their full length for his renomination and election.

About the Railroad. A called meeting of the Commercial Club was held in The Record office a few nights ago to attend to some matters in connection with the proposed railroad. A committee consisting of H. A. B. Marksbury, John M. Farra and Louis Landram, was appointed to prepare a plan by which the necessary money could be raised to buy right-of-way and report back at the next meeting. This was no small or easy task, as there are so many hair-splitting questions connected with it. In the first place, a paper drawn "We, the undersigned, agree to pay, etc.," is no good in a case like this, then a person does not care to, and will not, agree to make a contribution unless he is sure the road will be constructed. The committee agreed upon the following form, which was submitted and adopted:

LANCASTER, KY., 1900. In consideration of the benefits to be derived therefrom, I, the undersigned, do hereby promise to pay to A. R. Denny, Lewis Y. Leavell and J. S. Johnson, commissioners appointed by the Commercial Club of Lancaster, Ky., (Incorporated) the sum of \$100.00, to be applied toward the purchase of the right-of-way for the extension of the Southern Railway from Burgin, Ky., thro' Garrard county, said amount to be paid when said Commissioners are satisfied that said extension is to be constructed. In the event construction of said road shall be abandoned within eighteen months from date hereof, this note shall be null and void.

It will be noticed in the foregoing, that three Commissioners were recommended to whom these notes are made payable.

The committee believing that no more acceptable men could be found, named Messrs. Leavell, Denny and Johnson, in whom the people of Garrard have the most implicit confidence. It is safe to make the notes payable to them, as they are wholly reliable, and certainly will not pay the money out unless the road is constructed.

The committee further suggested that the following gentlemen be appointed to take these notes and solicit subscriptions:

Geo. T. Higginbotham, Bryantsville. J. B. Bourne, Bourne. J. A. Doty, Point Leavell. I. C. Rucker, Point Lick. Capt. Thomas Austin, Lancaster. E. H. Walker, Flat Woods. James Bourne, Bettis. Jerome Ruble, Buena Vista. Jas. I. Hamilton, Lancaster. John W. Poor, Lancaster. Jno. W. Brown, Buckeye. J. N. Teater, Buckeye.

The Lancaster Club has pledged the right of way to the Southern, and in less than six months she will be called upon to deliver the goods. It will cost from eighteen to twenty thousand dollars, and everyone will have to loosen his purse strings to raise it. The company has secured the right of way from the Garrard line on into Jellico, and it is all hanging on us now. The Record has assured its readers all along that we can get this road for giving the right of way, and urged action in that direction many months ago, but it has been delayed, and now, mark you, the time is short until action by the company will be taken. We know whereof we speak when we say the Southern people prefer the route through Garrard, as it is the best. But the right of way will have to be forthcoming before a pick is stuck into Garrard county soil. If the people of Garrard expect to get out of the woods, now is their opportunity. Strong efforts are being made at some neighboring towns to secure this road, and unless the people of Garrard do their duty it will surely go another way.

The committee will now see the above named gentlemen, and there is no doubt that they will serve, as the interest of the county is at stake, and it all depends upon our efforts in getting this right of way. The time for action has arrived, fellow-citizens, so let's hear from you.

Congratulatory Services.

The people of Lancaster, having so great love and honor for Dr. McKee, gave him quite a surprise Sunday night. Revs. Massee and Robinson, of the Baptist and Methodist churches, arranged for their congregations to go in a body to Dr. McKee's church and make an effort to show him how dear he was to them, how much they appreciated his work as a minister, and congratulate him on the celebration of his golden wedding, which event took place at Danville yesterday. The choir united and sang several pretty hymns, and short, but excellent addresses were made by Capt. Wm. Herndon, Rev. J. C. Massee, Rev. Robinson and W. L. Williams. Each spoke feelingly, and set forth the noble work done by Dr. McKee, the many souls his preaching has saved, and his brilliant work as a teacher. Dr. McKee was almost dumb-founded when he saw the immense congregation and learned what they came for. His remarks were very touching, and showed an appreciation of the honor which it is hard to describe. He said that it had been his most earnest desire during his ministry to create a warm, Christian feeling among the different congregations, and bring them nearer together in a united body of God-loving, God-fearing, God-serving people. The thought of having been instrumental in bringing even one soul to God was sweeter than any other upon earth to him. He said that during the remarks of the gentlemen his only regret was that his dear wife could not have been present and heard the kind words spoken of her husband. He was deeply grateful to the congregation, and prayed that God's richest blessings might rest upon them. After the services, many went forward and personally congratulated him. The church was prettily decorated for the occasion.

On account of bad weather I will postpone my stay into next week, but please don't fail to come to the next convenience. Miss Searcy, the photographer.

The Millinery in Danville. Mrs. Foley has to leave for her Garrard county friends that a regular opening will be given next Saturday, the 14th, and they are cordially invited to be present. Corn is scarce in this vicinity at \$2.75 per barrel.

Pleas Murray was bit on the hand by a mad dog a few days ago.

J. W. Mullins had a good milk cow to let Monday with hollow horn.

Mr. Jack Adams has an old hen that positively refuses to lay an egg on Sunday.

C. B. Engelman has been suffering several days with muscular rheumatism.

Most of our farmers are through breaking their ground and some are planting corn.

Mrs. Ina Adams is visiting relatives in Richmond this week. Mrs. Manerod Pullins is quite sick.

Our enterprising merchant A. B. Estridge sells goods so cheap that people come from Richmond to buy from him.

Mr. O. Shumate who has the name of being the best farmer in the country says he never plants anything until after Easter.

Will Fish and Jesse Kinnard have bought and shipped all the walnut timber in this country that is large enough to make a walking cane.

We have in our town the biggest, shortest, bald-headed milk man, and the least bodied and long-haired merchant in any town around.

D. C. Pullins says if you want to have early turkeys and lots of them make a hot bed and put the eggs in like you do sweet potatoes and they will hatch in two weeks.

There will be no district school at Leaf this year. They couldn't raise tax enough to build the house, those that were interested in the matter are very thankful to Miss Eliza Lusk for doing all she could to give them the school.

Mrs. Annie Adams' school closed Friday. The children all learned very fast and all thought a great deal of her, she is a splendid teacher, and any district will do well to secure her services as a teacher.

There is said to be a lad at Lowell, that swallows just any old thing for past time. He takes a No. 12 shotgun cartridge, takes out the wads, chews them a little and down they go. Then he swallows the shot, next the wads, then the powder, next the shell.

Mr. A. B. Ely, of our town, has a curiosity in the shape of a dog. He will bow his head and stand for some little time in attitude of prayer. He watches an open door and will hasten to close it with his front feet. You can ask him what becomes of Dr. Poyntz' patients, he will instantly drop down and stretch out his limbs, close his eyes and act dead.

W. A. Todd has lately sold to Barnam & Rucker quite a lot of wheat that made the wonderful test of 43 lbs. to the bushel. Arch Walker has been sending some wheat to the same mill that tested 43. Henry Clay Jennings raised a crop that tested 43. This was in the year 1827. Todd's wheat is the Everett's high grade. Mr. Walker says his is a new variety, that he bought the seed from some man in Jessamine county. Mr. Jennings' was the Odessa.

Cleanse the liver, purify the blood, invigorate the body by using DeWitt's Little Early Risers. These famous little pills always act promptly. F. P. Frisbie.

Charlie Bowlin sold to G. C. McWhorter, a young mare for \$40.

Farmers are employing their time very diligently at present sowing oats, and breaking ground for corn.

Mrs. A. F. Caldwell began a subscription school here on the 2nd inst., and now the archbishops of our town have something to do.

Thos. P. Wyatt gave a very interesting address here on the subject: "Two Ways—A right and a wrong way."

Mr. S. F. Stotts, one of our oldest citizens, and a few years ago the best known common school teacher in this part of Kentucky, died on the 1st inst. after weeks of suffering with cancer.

Mr. Stotts had been blind and confined to his room for several years but retained remarkable activity of mind, considering his age and physical condition.

He was a consistent member of the M. E. church and an excellent man, and his many friends are glad rather than sad that he has been relieved from his suffering and affliction.

Haselden, of Lancaster, was here yesterday canvassing for the Haselden filter, an ingenious and excellent invention of his brother.

Lexington Leader: Joseph Jefferson's fondness for children is as real in life as it is on the stage. Among the young people of Lexington, Miss Genea Dunlap bears the distinction of having been petted and much noticed by the veteran actor when as an infant she and her parents lived close neighbors to the Jefferson household on Michigan avenue, Chicago. A pretty incident was when after the final curtain dropped on Friday night the acquaintance was renewed between the now tall society girl and her aged friend.

Camp Nelson notes, Nicholasville Journal: Our old friend, J. W. Poor, was down Monday looking after his cattle. He has 500 head here on slop. C. C. Glass and family were visiting in Garrard, Sunday. Mrs. Elizabeth C. Hare, were married at the home of the bride's parents, Mr. and Mrs. W. H. Hare, near Ambrose, Wednesday afternoon, by Rev. Hilderbrand. The attendants were Mr. Robert Hare, of Nicholasville, and Miss Annie Hare, brother and sister of the bride. The presents were numerous, and both beautiful and appropriate. After the ceremony, Mr. and Mrs. Spillman left for their future home in Garrard, near Burgin.

It was the editor's good fortune to attend the golden wedding of his relatives, Dr. and Mrs. James Lapsley McKee, at Danville yesterday. The pretty home on Harrodsburg avenue, was beautifully decorated and presented a lovely scene, as the many friends

Most women with female weakness suffer dreadfully from piles in addition to their other pains. They may be cured by using TABLET'S BUCKEYE PILE OINTMENT. Price, 50 cents in bottles, tubes, 75 cents. C. C. & J. E. Stormes.

and relatives swarmed about the happy couple showering congratulations and well-wishes upon them. For the first time in many years, all the children were present, together, and such a picture of happiness would be difficult to describe. Many handsome and costly presents were received, and a vast number of letters sent by friends from a distance.

Dr. McKee was married April 11, 1850, at Rocky Valley, Boyle county, to Miss Sarah Henry Speak. Her great-grandfather was a Henry, of prominence, and a close relative of Patrick Henry. They have had ten children, William, John L., Mary, Leila, Samuel, James Lapsley, Sarah L., Robert, Virginia and Julia Faith. Four of these are dead and five living.

Dr. McKee was born on west branch of Gilberts Creek, Garrard county, two miles from Lancaster, Feb. 16, 1827. He lived there until 1839, when he moved to Lancaster. He remained in Lancaster until 1843, when he entered Centre College, where he finished in 1849, receiving his degrees the year following. He taught school in Boyle county from 1849 to 1851, and then went to Princeton college the year following. He returned to Danville and in 1852 began teaching in Centre College. He then took charge of the High School at Columbia, Ky., giving half his time to two churches, continuing until 1859. In this year he was called to Keokuk, Iowa, and was given the most flattering offer to remain there, but receiving a call to the Chestnut street church in Louisville, took charge of the latter, giving it half of his time, devoting the remainder to evangelistic work, as he had always done at other places. When he took charge of the Chestnut street church in Louisville, it had a membership of 150, and during the twelve years of his ministry the membership was increased to 500. His work in this church was remarkable, and its older members reverence Dr. McKee to this day. In 1871 he took charge of the church at Pee Wee Valley, but while there, concluded that it was impossible to have charge of a church and at the same time do evangelistic work, so he resigned, and was elected vice-president of Centre College. He held this position and did evangelistic work for twenty-five years, when failing health caused him to resign. He came to Lancaster two years ago and took charge of the local church when interested among the members was quite large, and has awakened them to their duty, and now the church is in splendid shape both spiritually and financially. The attendance is large and the members work for its advancement.

Everybody who knows Dr. McKee loves him, as a purer, more Christ-like man has never lived. His big heart and loving words have brought sunshine to many a shadowed breast, and that there is a crown laid up for him in Heaven, there is not the shadow of a doubt. Would to God there were more men like Dr. McKee, men who were genuine Christians, who have a contempt for hypocrisy, and a kind word for the sorrowing, an uplifting hand for the fallen, and greatest of these, charity for all. Such men are very, very scarce.

Dazzling Displays. Lancaster milliners have always kept abreast of the times, in both style and quality, but this Spring they seem to have tried themselves on selecting the prettiest, handsomest and most stylish head gear the feminine heart could long for. Some years ago there was a great inclination among the women to run off to other places for their hats, and while a few still persist in this foolish practice, yet nearly all of them realize the fact that they can get the very latest styles right here at home, and that at the most reasonable prices. The Lancaster milliners are determined that they will not be outdone by any place outside the largest cities. Saturday was advertised for the regular openings, and the stores of Noel Sisters, and Miss Sallie Tillet were crowded all day, and in the afternoon one could scarcely squeeze into the crowd. The ladies were out in full force, and judging from the many compliments, they were delighted with the beautiful display each store presented. The rooms had been tastefully decorated, and a sister orchestra played all day. Many fine hats were sold, and many more picked out by the ladies. THE RECORD desires to say to the ladies that there is no necessity for their prancing away to other places to buy millinery, for you can get the very latest and best right here at home (where you make your money). The Lancaster milliners should be encouraged, and the ladies should show their appreciation by giving their undivided patronage.

Remarkable Cure of Rheumatism. Kenna, Jackson Co., W. Va.—About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Madison insisted on my using Chamberlain's Pain Balm. I purchased a fifty cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A. A Life and Death Fight. Mr. W. A. Hines, of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in Consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost \$5.00 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure Throat, Chest and Lung troubles." Regular size 50c and \$1.00. Does it Pay to Buy Cheap. A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warner and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles. "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by C. C. & J. E. Stormes.

Please bear in mind that every up-to-date business man is wanted in the Commercial Club. Its no select few that make up its roster, but we want every man who has Garrard county's interests at heart to enroll his name. By so doing the Club will then know that you are ready and willing to do what you can toward bringing to the front Garrard's products, building up the county, and securing such improvements as will best help us to compete with the outside world.
